Flavors are our equivalent of Memories from Love and Deepspace (the thing you collect via gacha)

Flavors come in 1 of 5 versions:
- Sweet
- Salty
- Bitter
- Spicy
- Fresh

Flavors are our equivalent of the Stellacrum types attached to Memories in Love and Deepspace.

Customer Orders is our equivalent of the autobattle collection test in an idle autobattler like AFK Arena, Love and Deepspace, etc.

Story Vignettes will always include:

1) Single-panel Keyframe (image gen)
2) Tweet-length Summary

and 1 of the following:
A) Expanded journal-like text-only drabble entry (60%)
B) NPC-initiated DM conversation (35%)
C) Visual novel snippet (5%)
